CENTRAL INTELLIGENCE AGENCY
Washington 25, D.C.

18 December 1950

MEMORANDUM FOR: Executive Secretary, National Psychological
Strategy Board

SUBJECT: Survey of World War II Materials with Regard
to Japanese and German Psychological Warfare

1. In accordance with your memorandum dated 6 November 1950 on the above subject, I am transmitting herewith a list compiled by the CIA Library of pertinent documents available in various departmental libraries in Washington. It is believed that this list covers the more valuable materials which are readily available in G-2, German Military Document Section of the AGO's office, ONI Library, State Department Library (which includes the G.I. reports), and OSS Archives under the custody of CIA.
2. Only those documents listed under "OSS" are directly available in CIA. The others may be borrowed by NPSB from the indicated custodians in the other agencies.
3. A search has been made of the current intelligence materials received by this Agency during the past two years. As might have been expected, it produced nothing of value for your purposes.
4. It is noted that your staff has received copies of the CIA Library Report No. 23, dated 26 October 1949, which covered unclassified publications dealing with the subject of interest.
5. For your information I enclose a copy of a memorandum recently sent to all member agencies of the IAC. No reply has yet been received from any agency.
